

Ulas Unerli

Software Engineer

ulasunerli195@gmail.com | github.com/UlasUnerli | linkedin.com/in/ulas-ünerli

Profile

Software engineering student who enjoys building websites and small projects. I work with HTML and CSS to create clean, responsive pages, and I write Lua for scripting. I focus on keeping my code simple and easy to read, and I am always learning new things.

Education

B.Sc. Software Engineering

GISMA University of Applied Sciences

2026 – Present

Berlin, Germany

Skills

- **HTML** — structured, semantic web pages
- **CSS** — responsive layouts and styling
- **Lua** — scripting and small projects

Projects

Personal Portfolio Website

UlasUnerli.github.io

A personal portfolio site built from scratch with HTML and CSS, hosted on GitHub Pages.

Interests

- Playing video games
